

Investment Associate & Due Diligence Lead

Job Location: London

Objectives of this role

Reporting directly to the Chief Commercial Officer, the Investment Associate & Due Diligence Lead is integral to the success of project development. The Investment Associate & Due Diligence Lead will provide initial project budgeting, analysis, and modeling, as well as ongoing monitoring market conditions which may impact project stability.

Duties and responsibilities

- Develop and maintain complex financial models for specific projects in collaboration with project developers;
- Conduct financial analysis and modelling to identify trends and support investment decisions, including presentation of project performance against key financial metrics;
- Collaborate with cross-functional teams, including sustainability, finance, legal, and operations, to ensure accurate and timely financial modelling analysis and results.
- Deliver ongoing financial results and analysis to stakeholders, including senior management and investors.
- Monitor and assess the impact of changes in (carbon and other) market conditions and economic factors on financial performance.
- Carry out fundamental market analysis and assist maintaining IGP's inhouse carbon pricing curves;
- Be responsible for conducting the project due diligence and risk assessment process as well as development of investor data room materials.

Required Skills and qualifications

- Bachelor's degree in Finance, Accounting, Economics, or a related field
- 5+ years of experience in financial modeling, ideally in environmental project finance
- Advanced proficiency in Excel and financial modeling software
- Strong analytical and problem-solving skills
- Excellent communication and interpersonal skills
- Strong attention to detail and accuracy
- Knowledge of financial regulations and laws
- Experience working internationally
- Ability to work in a fast-paced environment and ability to adapt to changing priorities

Preferred skills and qualifications

- Master's degree in Finance, Accounting, Economics, or a related field
- Experience with financial modeling in international environmental project development
- Fluency in French a plus

Salaries and Benefits

- Comprehensive benefits package (medical/dental/vision/401k)
- Remote work environment
- Competitive Salary

About Integrity Global Partners, Inc.

The mission of Integrity Global Partners is to unlock fair and equitable capital at scale to deliver high-integrity environmental assets to market. We do this by:

- Bringing together the necessary expertise to accelerate the deployment of mission-driven investment capital into high-quality nature-based projects and jurisdictional programs in the Global South and Europe, and;
- Enabling project developers and governments to access the financing they need through global carbon and environmental markets.
